Winter News

*Mill Stream Buzz is camp news for
Mill Stream Campers, Parents, Staff and Supporters
from the desk of the Directors*

Hello from Mill Stream!

It's hard to believe that spring will be here so soon. We hope that all of our campers enjoyed camp this past summer and are looking forward to another week of swimming, archery, horseback riding, canoeing, crafts and campfires and all the neat things your counsellors did with you. It was great having you at camp this summer and we know that you want to keep up with what's happening.

This summer we have introduced a Junior Trekkin' Camp for ages 7-10 and Senior Trekkin' Camp for ages 11-13. These weeks are going to be exciting and action-packed as we introduce programs specific for your age. Many new events are being planned for you right now.

We are having a busy winter hosting many retreats, youth nights and seminar groups.

Our new water system is expected to be completed by May. This water system is designed to meet the new government specifications laid out in Reg. 170/3. This required us to install a new 36,000 litre holding tank, pump house, pumps, filtration system, chlorination system and upgrade our wells.

This new system is a non-budgeted capital expense which will cost approximately \$35,000 to complete. If you wish to help us pay for this project, please send your tax deductible donation to the camp and mark "Water System Project" on your cheque. Staff, remember to get your applications in early so you can begin working on your sponsorships soon. Please read through the enclosed information carefully and do not hesitate to contact us by email, phone or fax with any questions you may have. Please continue to pray for this ministry as we are looking forward to another wonderful year of God's blessings upon the camp, campers and staff.
